English (Intermediate)

SUPRIADI
DATA SCIENCE

I am a recent Bachelor of Information Systems and currently pursuing a Master's degree with a focus on Data Science. I have a foundation in system design, implementation, and optimization, with a strong interest in data analysis, machine learning, and statistical modeling. Passionate about leveraging academic knowledge and technical expertise to drive technological advancement, solve real-world challenges, and contribute to organizational success through the power of data science. I enjoy interacting with other people, getting to know them, learning from them, and working in a team environment.

WORK EXPERIENCES
